

Driving Sweeper DQS19B

Advantages

- Multi-angle rearview mirror design, no residue cleaning
- It adopts high strength toughened windscreen, strong and durable
- Using 3KW high power AC rear axle drive, climbing ability is strong
- Adopt oil pressure double disc brake system, safe and reliable
- Unique dust control structure, the use of patent dust control mode, dust control capacity is more powerful
- Retractable side brush structure, anti-collision ability is stronger
- Equipped with high-pressure Spray dust-reducing function to reduce secondary pollution
- Full lighting configuration, convenient night work

Advantages

Cautions

1. Real-time start the dust-scraping button, and regularly clean the filter manually to ensure effective dust control.
2. Avoid cleaning wet and wet ground, the main brush before easy accumulation of soil, need to be cleaned frequently.
3. The brush pressure should not be too low, or affect the cleaning effect, resulting in ineffective brush wear.

Specification

Model	DQS19B	Unit
Boundary dimension(l*h*w)	2340×1790×2030	mm
Packaging dimension(l*h*w)	2315×1470×2190	mm
Cleaning width	1950	mm
Maximum efficiency	14000	m ² /h
Cleaning efficiency	97	%
Front drive power	3000	W
Power	5700	W
Running speed	9.5/7.5	km/h
Backward speed	5	km/h
Filtering area	6	m ²
Minimum turning radius	2300	mm
Capacity	200	L
Main brush width	800	mm
Side brush diameter	550×2+500×2	mm
Tank capacity	50	L
Maximum cleaning particle	60	mm
Continuous working hours	4.5-6	H
Total weight (including battery)	810	kg
Climbing ability	≤30	%
Lead-acid battery (Standard)	48V180AH	-
Lithium Battery (optional)	48V200AH	-
