

Floor Scrubber DQX5B

Mainly use for cleaning and maintenance of hard floors in restaurants, supermarkets, hotels, railway stations, and high-speed railway stations etc. Hard floor including epoxy floors, muddy floors, marble floors, polished tile floors, concrete floors, and terrazzo floors etc.

**High Efficient
Easy Operation
Time Saving**

Advantages

- The 65L large sewage tank capacity effectively reduces the frequency of water changes and improves work efficiency.
- One-piece rotomolding water tank, more sturdy and durable.
- Use aluminum alloy squeegee, beautiful and durable.
- Large area of the sewage tank cover, easy to clean and maintain, to avoid the breeding of bacteria.
- With automatic brush loading and unloading function, easy to use.
- With time accumulation function, easy job management.

Cautions

1. Prompt low power to timely charging, not repeatedly switch the use of the machine.
2. The brush automatically installed when the brush plate to be aligned, the installation can not turn off the switch.
3. after each use must in time clean, the charge.

Specifications

Model	DQX5B	Unit
Dimension(l*h*w)	1310*550*1080	mm
Packaging dimension(l*h*w)	1350*650*1250	mm
Cleaning width	510	mm
Cleaning Efficiency	2000	m ² /H
Weight(with battery)	150	kg
Power	1000	W
Driving motor power	/	W
Brush motor power	550	W
Suction motor power	450	W
Voltage	24	V
Running speed	/	Km/h
Backward speed	/	Km/h
Clean water tank capacity	55	L
Sewage tank capacity	65	L
Squeegee width	820	mm
Sound	68	dB
Brush pressure	21	kg
Battery working time	≈4	H
Climbing capacity	/	%
Minimum turning radius	800	mm
Lead-acid battery (standard)	24V100AH	-
Charging time	8~10	H
Lithium battery (optional)	25.6V100AH	-
