

Floor Scrubber DQX5D

Advantages

- Ultra-quiet design, noise as low as 65dB
- The cover of the sewage tank using flip cover design, which is more convenient to use
- The upper and lower water tanks are buckled, it will not result in tank rollover after quick turn
- Brush disc cover uses aluminum alloy brush disc, brush disc buckle uses aluminum alloy three nails
- Buckle, more durable
- Using integrated circuit board, the controller and control panel are combined into one. The installation maintenance operation is more convenient

Advantages

Cautions

1. It is suggested to charge in time when the power is low and not to switch the machine on and off repeatedly.
2. The brush disc should be aligned when the brush is installed automatically, turn off the switch in time if the installation fails.
3. It should be cleaned and charged after using each time.

Specifications

Model	DQX5D	Unit
Dimension(l*h*w)	1200*560*945	mm
Packaging dimension(l*h*w)	1350*650*1250	mm
Cleaning Width	510	mm
Cleaning efficiency	2000	m ² /H
Weight (with battery)	140	kg
Power	1000	W
Drive axle power	/	W
Brush motor power	550	W
Suction motor power	450	W
Working voltage	24	V
Running speed	/	Km/h
Backward speed	/	Km/h
Clean water tank capacity	50	L
Sewage tank capacity	55	L
Suction scraper width	820	mm
Sound	68	dB
Brush pressure	25	kg
Working time	≈4	H
Climbing ability (no load)	/	%
Minimum turning radius	700	mm
Lead-acid battery (standard)	24V100AH	-
Charging time	8~10	H
Lithium battery (optional)	25.6V100AH	-
