

# Driving Floor Scrubber DQX86A/DQX86B

## Advantages

- 150L large sewage tank capacity, more than 20% larger than ordinary models
- Use large area sewage tank cover design, easy to clean and maintain, avoid breeding bacteria
- Ultra-quiet design, say goodbye to loud noises
- High power rear axle drive, stronger climbing ability
- Backward water scraper automatically rises to prevent damage of water scraper
- Adopts double water full protection with floating ball and sensor, extend the motor life effectively
- Imported controller, more stable performance
- Full vehicle with lighting headlamps, convenient all-weather operation

Front and rear drive optional,  
large water tank capacity,  
safe overload protection

## Advantages

Front drive

## Cautions

- 1.No load climbing capacity is 20%, please empty the water when climbing.
- 2.Prompt to charge in time when the battery is low, do not switch on and off repeatedly.
- 3.Pay attention to raise the brush disc when passing the speed belt, reduce speed properly.
